Subject :	Meetings in New Jersey		

Dear John

We have now finalized our schedules for the mentioned meetings, and confirm as following:

- 1) Mr Aenis has concluded all his analysis - with the following result;
- **Simsite is the best available composite product to be utilized for our products**
- 2) He has delegated the further development to Mr Matros who will travel to Newark on Saturday afternoon February 6th (details to follow)
- 3) I will arrive in Newark Sunday evening 10:25 pm
- 4) Could you please book hotels for us accordingly ?
- Mr Matros will stay as long as you both decides to find the " tunes " with Sims (basically booked to return on Tuesday evening, but may stay longer if required)
- I will leave on Monday evening for meetings on Manhattan
- 5) Programm ;
 - Status of Allweiler - Sims pump-development
 - Next steps in developing the cooperation
 - Trouble-shooting on the damaged impellers (all tested until then)
 - Other business (just you and I, Mr Matros tour the factory)
 - Deeper technical discusaions (after I have left)

With best wishes,

p.p.s. Roy Norum / Managing Director
